Docket # CR-05-654

RECEIVED 10/20/10
IN CHAMBERS OF
HON. JOANNA SEYBERT
★ OCT 28 2010 ★

I am requesting an extension of my surrender date for about 6 months because of my present medical conditions & treatment.

I am under the medical procedure which will last at least 2 months, at which time I will be tested to see if it worked. If not I am a strong candidate for open heart surgery because of my angina & shortness of breath.

Currently I'm under the ~~my~~ constant supervision with my doctors.

Please extend my surrender date until which time my condition stabilizes.

Thank you.
